Subject: Tr : Object : Ask for help and contacts - ERASMUS + Accredited Partners

Dear Sir or Madam,

I represent here a French middle-school that has got its accreditation for an ERASMUS + Project for the next three years. Sadly, our previous and intended partners didn't get their accreditations. We are now looking for new partners for mobilies of students from the next school year.

Would you be so kind as to send us a list of middle schools (with students between 11 y.o. and 15 y.o.) that got ERASMUS + Accreditations ? Or help us make contact with them ?

We have already begun to look for new partners on the eTwinning Platform but we would like to be helped.

Would you be so kind as to help us in this research ?
